\$6,375,000 SLATED FOR FISCAL '55 SPEEDY IN GLADES FLOOD CONTROL

Glades Folks Originate And Are Directing A \$200,000 Life Underwriting Business

WPB And Hillsboro Canals, Dikes L-2 And L-3, Lakeside Pumps And Completion Of Jobs Under Way Included In Budgets

Charter, License, Sales Organization And Technical Force Ready For Operation

With Joe Tom Boynton, President, Julius Harris, Treasurer, Ruth Wedgworth Timmons, Secretary, together with eight other Glades businessmen representing more than fifty stockholders, the fifteen directors of the recently organized Seminole Life Insurance Company held its first regular meeting Friday afternoon in the Director's room of the Florida National Bank Building and completed details for writing and receiving policies in the new company beginning next week.

The directors meeting followed the first general meeting of stockholders where stock was issued in the total amount of \$217,000 and the fifteen directors formally elected.

Other general organizational policies and future practices of the corporation were discussed by the assembled stockholders.

Mr. William Stanley of Fort Pierce, was elected Vice President in Charge of Agents; J. L. Trullinger was also elected a vice president as Field Director of Agents. Both gentlemen had been elected Directors by the stockholders. Mr. Sloman of (Continued on Page Four)

Rains Discourage Buying And Slow Down Cattle Sales

With most pastures soggy and an undetermined future rainfall, most cattlemen hesitate to replenish the feeders, and buyers naturally looking for bargains take advantage of the animals offered for slaughter.

Consequently the market this week is generally toned down and some bargains were offered and taken, both at slaughterers and stockyard buyers.

Some "good" steers brought \$19.25, while commercial running \$14.70 to \$18.50.

Monday's sale of 704 and Wednesday's of 312 brought the week's total to more than a thousand—and a playfulness amount at that.

704 cattle brought \$38,969.72. Steers, 136 cows, 271 calves, 10 heifers, 20 bulls, 22 yearlings, 75% of cattle and 81% of calves.

Disposition Of Rich Island Lands Under Special Study By Engineers

Lands of unmatched agricultural advantages—rich soil, level land, availability of water from the south and west.

The annual evaporation and transpiration exceed the annual rainfall; so waters from the Kissimmee and other watersheds are necessary to the continued use of either the island lands or the outside lands.

Now that the engineers have approximately determined a minimum Lake stage of 16.4 feet MSL planning of the use of the island lands may go ahead on a definite basis.

By collecting the records of periods of high water—when the lands may not be used profitably—a figure may be arrived at which will give the average distribution to the lands' use.

In order to compensate the landowners on the islands fairly these average figures must be used.

The Drainage District may either take fee title to the land. (Continued on Page 5)

be used for farming, but also seriously affects the farming in the lands surrounding the Lake on the south and west.

The annual evaporation and transpiration exceed the annual rainfall; so waters from the Kissimmee and other watersheds are necessary to the continued use of either the island lands or the outside lands.

Now that the engineers have approximately determined a minimum Lake stage of 16.4 feet MSL planning of the use of the island lands may go ahead on a definite basis.

By collecting the records of periods of high water—when the lands may not be used profitably—a figure may be arrived at which will give the average distribution to the lands' use.

In order to compensate the landowners on the islands fairly these average figures must be used.

The Drainage District may either take fee title to the land. (Continued on Page 5)

Total Of \$7,125,000 Made Available Under Conference Report Yet To Be Okayed By House And Senate

There's a new day in Federal spending for Public Works, such as our own Flood Control Project—money appropriated for a fiscal year must be spent within that year.

Under discretionary authority for spending money for a given project, ear-marked funds may be shifted to other items of the same project if funds may not be properly expended for the House and Senate in federal funds for the Central Florida Project for fiscal year '55, beginning July first.

The State of Florida has always been ahead of the federal agency in providing cash; so there is \$600,000 now in the hands of the Engineers in Jacksonville of Florida-contributed (Continued on Page Four)

Summer Program Enrolls Over 220

Registration for the summer Recreation Program showed 223 enrolled on Monday morning at the Municipal Park.

The special event this week was the pet show held Thursday morning with pets of all kinds and descriptions. Following are winners in 1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th, 101st, 102nd, 103rd, 104th, 105th, 106th, 107th, 108th, 109th, 110th, 111th, 112th, 113th, 114th, 115th, 116th, 117th, 118th, 119th, 120th, 121st, 122nd, 123rd, 124th, 125th, 126th, 127th, 128th, 129th, 130th, 131st, 132nd, 133rd, 134th, 135th, 136th, 137th, 138th, 139th, 140th, 141st, 142nd, 143rd, 144th, 145th, 146th, 147th, 148th, 149th, 150th, 151st, 152nd, 153rd, THE UNITED STATES POLL

EISENHOWER'S POPULARITY DOWN 6 POINTS SINCE MARCH

By Kenneth Fink, Director, Princeton Research Service
President Eisenhower is still popular with voters across the nation, but somewhat less so than he was 14 weeks ago.
At the present time, just about two out of every three voters interviewed in the nationwide survey completed last week say they approve of the way the nation's chief executive is handling his duties.
27 in each 100 say they disapprove.

In other words, those who approve of the way Eisenhower is doing his job outnumber by a margin of better than two to one those who disapprove.

When United States Poll staff reporter took a representative cross-section of the nation's voters:

"Do you approve or disapprove of the way Eisenhower is handling his job as President?"

These were the nationwide results:

Eisenhower Popularity
Approve 66%
Disapprove 27%
No opinion 7%

The March survey showed 72% approved, 22% disapproved, and 6% no opinion.

Today's findings thus represent a 6% decrease in approval and a 5% increase in disapproval.

Highlight of today's survey findings is the close division of opinion among rank and file Democratic voters across the nation.

At the present time, fewer than one out of every two Democrats in the nation express approval.

More than two out of every five Democratic Party members express disapproval.

Democratic Voters Only
Approve 48%
Disapprove 42%
No opinion 10%

In the March survey, Democrats voted as follows: Approve, 55%; disapprove, 37%; no opinion, 8%.

Among the nation's Independent voters, 27 in each 100 today express disapproval. On the previous survey 23% expressed disapproval.

Independent Voters Only
Approve 66%
Disapprove 28%
No opinion 6%

14 weeks ago, 73% of the Independent voters expressed approval.

From where I sit... by Joe Marsh

No Sale!

Right in front of Grassy White's beautiful old house on Maple Avenue there's a brand-new sign. "Antique Inquire Within."

Now—don't get excited. Grassy White's sign is all the more reason why you should go in to see the antique business, Grassy with her son.

I asked her if she was really going in the antique business. "Oh, no," says Grassy. "I wouldn't sell anything. I put that sign up so folks would come in and talk—and look around. If they insist on a price, I tell them some outside."

gous figure! I guess I just like people," she said.
From where I sit Grassy can be excused for her little rant. She may be in her eighties, but her mind is young and open. She's the kind of person who's made this town so wonderful. Grassy not only likes people—but she respects them and their preferences and opinions. Come to think of it, "liking" and "respecting" mean much the same thing, don't they?

THAT'S A FACT

BEAT UNITED STATES GAINING SO MUCH SAVINGS POWER AS SAFE AND AS STRONG AS OUR PLAN AND COUNTRY.

HE CAME BACK

ARMED ROBERT F. PEARY RECOVERED FROM HIS FALL IN APRIL 1953. ACTUALLY HE WAS IN THE MOUNTAINS FOR THE LAST YEAR. HE WAS BUILT AN 8000 AND REMAINED THERE FOR 14 MONTHS.

HERE'S AN INTERESTING FACT: MORE THAN 100,000 AMERICANS ARE NOW IN THE MOUNTAINS. THEY ARE BUILDING A NEW BACKLASH AGAINST THE UNITED STATES.

YOU CAN BEGIN BUILDING AN EDUCATION FOR YOUR CHILDREN TODAY. PLAN WHERE YOU WORK.

HOW IT BEGAN: COLUMBIA UNIVERSITY WAS FOUNDED IN 1794 AS KING COLLEGE WITH AN ENROLLMENT OF 8 STUDENTS.

ly indicated to the VA that they desired to receive their dividends in cash when paid, will continue to receive the payment annually until such time as they advise the VA otherwise—so no action is needed to receive the dividend payment in such cases.

Also—any other method designated, such as leaving dividend on deposit with the VA, will remain in force until the policyholder instructs the VA otherwise. To make any change in the way the veteran wants his dividends handled—he should write an informal letter of instructions to the Insurance Service, Veterans Administration District Office, Philadelphia, Pennsylvania... no longer at Atlanta.

Dividend payments are being made within 30 to 60 days following the anniversary date of the veteran's insurance policy.

See your local Veterans Service for any help you may need regarding your NSLI dividend payments.

As measured in this same type of survey over the past 16 months, the President's popularity has ranged from a low of 64% in November, 1953, to a high of 74% in April, 1953, (68% approve today).

At the same time, the disapproval vote has ranged from the same low of 6% in March, 1953, to a high of 28% in November, 1953. (Today's disapproval vote is 27%.)

The Herald presents the reports of the United States Poll exclusively in this area.

ponent's workmen who were leaving the truck. They stopped to listen to the band, a Tampa Suburban wrecking crew stepped in and tore up the opposition track. That night they sneaked back and laid their own to win the franchise.

The wife of one of the financial backers of the company, a social leader with a flair for showing off, had her own private street car a gaudy double-decker on which she would throw card parties and other social events so that she and her guests might ride up and down the street while lesser lights stood on the curb and glared.

As the electrical industry advanced and it became apparent that its field was going far beyond the street car and street light, Tampa Suburban became the Tampa Electric Company and eventually went out of the street car business.

At the Tampa Electric Company it prepared for leadership as a supplier of light and power.

Today the company serves 100,000 customers and sells a billion kilowatt hours of electricity serving Tampa, Winter Haven, Plant City, Dade City, Mulberry and adjacent territory. Its plants and facilities are valued at over 63 million dollars and its expansion is continuous.

Tampa Electric securities sell on a favorable basis. It is considered an excellent risk and financial agencies give it a double "A" rating. Its employee-company relations are splendid, and its service to the area is so outstanding that there is no movement organized or unorganized to "take it over."

NEWS OF GLADES BOYS (Continued from Page One)

pence and extension courses are made available to service men, whether working toward a high school diploma, an undergraduate or graduate college degree.

Airman Caruthers, who is the son of Mrs. Ueber Caruthers, 333 SW Avenue E., and Marine Private John T. Gilson, 18, son of Mr. and Mrs. Irwin Gilson, recently enlisted in the U. S. Marine Corps for three years.

After receiving the oath of enlistment from Captain Robert Montgomery at the Jacksonville recruiting station, the Belle Glade Leathernecks were transferred to Parris Island, S. C., where they will undergo 10 weeks recruit training.

Marine Private Roy W. Walker, 20, son of Mrs. Mattie Walker, 333 SW Avenue E., and Marine Private John T. Gilson, 18, son of Mr. and Mrs. Irwin Gilson, recently enlisted in the U. S. Marine Corps for three years.

After receiving the oath of enlistment from Captain Robert Montgomery at the Jacksonville recruiting station, the Belle Glade Leathernecks were transferred to Parris Island, S. C., where they will undergo 10 weeks recruit training.

At that time, even those with vision could not force the electricity would play in the years ahead. Consequently, it had to do primarily with street cars and municipal lighting.

That probably accounts for the Tampa Electric Company's beginning its existence under the name of Tampa Suburban Railway and Electric Company.

Tampa was a night small community at the time, a rival company entered the field and City Fathers issued a franchise on the basis of "which company got there most with the most-est."

A frenzy of track laying followed and the battle was bitter. On one occasion when it appeared the opposing company was going to beat Tampa Suburban to the franchise, a young lawyer named Peter O. Knight hired a band which raised a crowd that distracted the opposition.

LEGAL NOTICES
NOTICE OF SPECIAL ELECTION
The Public Notice of the City of Belle Glade, Florida, will hold a Special Election on Thursday, July 1, 1954, for the purpose of electing the members of the Board of Public Works to the term beginning on July 1, 1954, and ending on July 1, 1956.

The Board of Public Works is composed of five members, one of whom shall be the Mayor. The Board shall have the power to levy and collect taxes, to borrow money, to purchase and sell real estate, to lease and contract for the use of real estate, to enter into contracts for the purchase and sale of goods and services, and to do all other acts and things which may be necessary or proper for the good government of the City.

The Board of Public Works shall meet on the first Monday of each month, except in the month of January, when it shall meet on the first Tuesday. The Board shall hold its meetings at the City Hall, unless otherwise directed by the City Council.

The Board of Public Works shall have the power to call special meetings of the Board at any time and place, and to adjourn from time to time, and to reconvene at such time and place as it may determine.

The Board of Public Works shall have the power to appoint and remove all officers and employees of the City, and to fix their salaries and compensation.

The Board of Public Works shall have the power to enter into contracts for the purchase and sale of goods and services, and to lease and contract for the use of real estate.

The Board of Public Works shall have the power to levy and collect taxes, to borrow money, to purchase and sell real estate, to lease and contract for the use of real estate, to enter into contracts for the purchase and sale of goods and services, and to do all other acts and things which may be necessary or proper for the good government of the City.

The Board of Public Works shall meet on the first Monday of each month, except in the month of January, when it shall meet on the first Tuesday. The Board shall hold its meetings at the City Hall, unless otherwise directed by the City Council.

The Board of Public Works shall have the power to call special meetings of the Board at any time and place, and to adjourn from time to time, and to reconvene at such time and place as it may determine.

The Board of Public Works shall have the power to appoint and remove all officers and employees of the City, and to fix their salaries and compensation.

The Board of Public Works shall have the power to enter into contracts for the purchase and sale of goods and services, and to lease and contract for the use of real estate.

The Board of Public Works shall have the power to enter into contracts for the purchase and sale of goods and services, and to lease and contract for the use of real estate.

AIRMAN GEORGE KING NOW BASED IN KOREA

A/1c George S. King, with the 3rd Air Base Group, recently arrived in Korea, and has been assigned as classification clerk. He is the son of Mr. and Mrs. Edward King.

NEGRO NEWS

OKEECHOBEE CAMP NEWS

By Coach Bythwood
Summer is here and almost everyone is about to leave. The teachers have finished their work for the year. We in the Okeechobee Camp wish for them a happy summer vacation.

The recreation program started off with a big band under the supervision of Mr. Bythwood. The Tampa Electric Company prepared for leadership as a supplier of light and power.

Today the company serves 100,000 customers and sells a billion kilowatt hours of electricity serving Tampa, Winter Haven, Plant City, Dade City, Mulberry and adjacent territory. Its plants and facilities are valued at over 63 million dollars and its expansion is continuous.

Tampa Electric securities sell on a favorable basis. It is considered an excellent risk and financial agencies give it a double "A" rating. Its employee-company relations are splendid, and its service to the area is so outstanding that there is no movement organized or unorganized to "take it over."

NEWS OF GLADES BOYS (Continued from Page One)

pence and extension courses are made available to service men, whether working toward a high school diploma, an undergraduate or graduate college degree.

Airman Caruthers, who is the son of Mrs. Ueber Caruthers, 333 SW Avenue E., and Marine Private John T. Gilson, 18, son of Mr. and Mrs. Irwin Gilson, recently enlisted in the U. S. Marine Corps for three years.

After receiving the oath of enlistment from Captain Robert Montgomery at the Jacksonville recruiting station, the Belle Glade Leathernecks were transferred to Parris Island, S. C., where they will undergo 10 weeks recruit training.

Marine Private Roy W. Walker, 20, son of Mrs. Mattie Walker, 333 SW Avenue E., and Marine Private John T. Gilson, 18, son of Mr. and Mrs. Irwin Gilson, recently enlisted in the U. S. Marine Corps for three years.

After receiving the oath of enlistment from Captain Robert Montgomery at the Jacksonville recruiting station, the Belle Glade Leathernecks were transferred to Parris Island, S. C., where they will undergo 10 weeks recruit training.

At that time, even those with vision could not force the electricity would play in the years ahead. Consequently, it had to do primarily with street cars and municipal lighting.

That probably accounts for the Tampa Electric Company's beginning its existence under the name of Tampa Suburban Railway and Electric Company.

Tampa was a night small community at the time, a rival company entered the field and City Fathers issued a franchise on the basis of "which company got there most with the most-est."

A frenzy of track laying followed and the battle was bitter. On one occasion when it appeared the opposing company was going to beat Tampa Suburban to the franchise, a young lawyer named Peter O. Knight hired a band which raised a crowd that distracted the opposition.

LEGAL NOTICES
NOTICE OF SPECIAL ELECTION
The Public Notice of the City of Belle Glade, Florida, will hold a Special Election on Thursday, July 1, 1954, for the purpose of electing the members of the Board of Public Works to the term beginning on July 1, 1954, and ending on July 1, 1956.

The Board of Public Works is composed of five members, one of whom shall be the Mayor. The Board shall have the power to levy and collect taxes, to borrow money, to purchase and sell real estate, to lease and contract for the use of real estate, to enter into contracts for the purchase and sale of goods and services, and to do all other acts and things which may be necessary or proper for the good government of the City.

The Board of Public Works shall meet on the first Monday of each month, except in the month of January, when it shall meet on the first Tuesday. The Board shall hold its meetings at the City Hall, unless otherwise directed by the City Council.

The Board of Public Works shall have the power to call special meetings of the Board at any time and place, and to adjourn from time to time, and to reconvene at such time and place as it may determine.

The Board of Public Works shall have the power to appoint and remove all officers and employees of the City, and to fix their salaries and compensation.

The Board of Public Works shall have the power to enter into contracts for the purchase and sale of goods and services, and to lease and contract for the use of real estate.

NEEDN'T NAME STATE WHEN SENDING MAIL TO BELLE GLADE

Chamber of Commerce Secretary Edwina Young says Chief of Police Charles Good-

Young has put Belle Glade on the map during his stay in Washington.

On Tuesday of this week she received an airmail letter from her daughter, Jane, mailed Monday, airmail, from Washington addressed Mrs. George Young, Box No. 1, Belle Glade (no state) but it certainly didn't delay delivery.

Jane is one of four local young people from Belle Glade who accompanied 18 from Pahokee and their sponsors, Mrs. Sara Thomas and Mrs. E. H. Walton on a week's educational tour of Washington, D. C. and New York City. The group left Sunday for Washington, arriving in Washington 9:30 Monday morning, left Wednesday afternoon for New York City and will return tomorrow.

Others from Belle Glade in the group are Cline Faulk, Barbara Murchman and Sammy Knight.

RECRUITING DRIVE UNDERWAY FOR MARINE RESERVES

Recruiting Sergeant Charles Creel will be in Belle Glade each Wednesday from 9:30 to 11:30 to talk with interested persons joining the Marine Reserve. Mr. Creel, who is a reservist, will be in the city from 9:30 to 11:30 on Wednesdays and Fridays.

Meetings are held every other Sunday from 2 to 5 p.m. at the Naval Reserve Training Center in Riviera Beach. Interested persons may write Sgt. Creel at the Naval Reserve Training Center, P. O. Box 417, Riviera Beach, Florida.

The Marine Reserve is a new unit activated April 20, of this year, and separate from the regular Marine Recruiting drive conducted in Belle Glade each Tuesday by Sgt. A. Miller.

MISS RODRIGUEZ LEAVES FOR SUMMER SCHOOL—Miss Banna Rodriguez, County School Superintendent, will leave for Ann Arbor, Michigan, where she will attend a summer course for 3 weeks at the University of Michigan. Miss Rodriguez is a native of Cuba and is a public health officer.

After completing the course she will visit her parents, Mr. and Mrs. Rodriguez, in Cuba. She will be away for a two-month trip to Europe.

Miss Rodriguez plans to return to Belle Glade, August 22, before leaving for Ft. Bragg, N. C., where she will continue her active duty with the 318th Legislative Command of West Palm Beach.

The public health clinic will remain open for the whole summer under the supervision of Miss Janet Lutz and Miss Jane Turner, county health nurses for the Pahokee area.

Any reporting of communicable diseases in this area may be reported to 2740 Belle Glade or 7151 Pahokee.

KENNETH E. LUTZ ATTENDING ROTARY AT CAMP GORDON—Cecil Kenneth E. Lutz, son of Mr. and Mrs. K. E. Lutz, 280 NW Ave. C, Belle Glade, a student of Florida Southern College, is attending the fifth annual six-week Military Police Reserve Officer's Training Course summer camp at Camp Gordon, Georgia.

The city of Belle Glade, Florida, is hereby authorized to accept or reject any or all bids. A deposit of \$100.00 shall be made to the City Clerk, Kenneth E. Lutz, at the City Clerk's Office, 251 S. E. 4th Street, Belle Glade, Florida. Dated: June 25 and July 2, 1954. KENNETH E. LUTZ, City Clerk. 6-25-11

PLAYING WITH MATCHES BRINGS BAD RESULTS

As a result of playing with matches, one boy suffered severe burns when a lighted match was tossed onto the grass.

The boy, Jesse Bedsole, was taken to hospital and will be released on Saturday. The accident, which could have been much worse should teach children that matches are dangerous and not to be played with.

The fire, which also damaged the lawnmower was spreading to the attic of the house when the fire department went to the rescue. These boys were really lucky to have escaped without more serious results.

HOME GROWN CORN BASIS OF ECONOMIC FEEDING

While the growing of corn as a cattle feed has been a program for several years since the introduction of Big Joe Corn, a majority of this corn is now grown by farmer-cattlemen for use in their own pens.

The main reason in its development work was seeking a type with a tight shuck, a generous producer and resistance to disease.

An average production is estimated to be about 50 bushels per acre, with yields ranging from twenty to eighty bushels. The time of planting affects the yield greatly.

Many farmers follow spring crops with the field corn, thereby benefiting from land preparation as well as the residual fertilizer from previous crops. There is also the question of cover crops to prevent the washing of weeds and other noxious plant diseases and insects. The cultivation of the field corn crop aids in the control of weeds.

In the approximate one thousand acres of field corn in the South Bay-Belle Glade area, Robert Abel has over a hundred acres. Fritz Stein and The Chamberlain Farm also have substantial acreages. Stein and Chamberlain have storage bins, hammer mills and facilities for mixing supplements such as citrus pulp, molasses and other ingredients for obtaining a balanced feed.

A practice found very effective in the Glades is to mix 1,000 pounds of ground snap corn, 700 pounds of citrus pulp and 300 pounds of citrus pulp.

George Wedgworth has produced six month old steer calves with an average weight of 450 pounds by creep feeding on a mixture reported to be 100 pounds of ground snap corn, 700 pounds of citrus pulp and 300 pounds of citrus pulp.

The Belle Glade High School will remain open for the whole summer from 8 a.m. to 3:30 p.m. Monday through Friday, with Miss Betty Layfield, during the summer.

SCHOOL RECEIVES \$280 FROM MATINEES

According to Principal Frank Hobson, \$280 has been received from Gold-Dobro for matinee held at the Hogue Theatre during the month of January through May. The money was used in visual aid program and to purchase films for the school.

Mr. Hobson extends thanks and appreciation to the management for the assistance they have given in this project.

The Belle Glade High School will remain open for the whole summer from 8 a.m. to 3:30 p.m. Monday through Friday, with Miss Betty Layfield, during the summer.

\$5,375,000 SLATED (Continued from Page One) money unpaid for lack of matching Federal funds. There is also appropriated and available \$2,000,000 of Florida money for which there are not available matching Federal funds.

Now, it is anticipated that the provisions as finally okayed will give authority for the engineers to spend this \$2,000,000 on the project, without matching Federal funds, with the proviso that Florida will receive full credit for these funds in future federal appropriation when available.

This \$2,000,000, according to L-2 and L-3, and towards the work on the West Palm, the Hillsboro and North New River stations.

The contracts for pumping station on the Hillsboro, where it enters the Conservation area on the west and the Hillsboro to the north pump-house of Shawano Drainage, has been let.

The right-of-way are about ready for the Hillsboro from Shawano to Six Mile Bend, and it is anticipated that the all clear signal will be given to the Hillsboro from Six-Mile Bend to the Lake within a short time.

The contract for the structure and the machinery for the pumping station where the Hillsboro and the North New River meet, the Lake will be let soon; as will that at Lake Harbor on the Miami Canal.

The completion of L-7 and the pump at Twenty-Mile Bend are provided for. Assurances have been made on Tuesday of this week that three of the pumps at Twenty-Mile Bend will be ready to move 1,050,000 gallons per minute by September 1st.

A layer of broken rocks, sand, and gravel worked or pounded into the soil around watering troughs will prevent formation of mudholes.

RAINBOW GIRLS RETURN FROM STATE ASSEMBLY

Members of Belle Glade Chapter of Order of Rainbow Girls returned Sunday after attending the 8th Annual Grand State Assembly at Sarasota, June 17-19.

The Cherry, sub deputy of Order of Rainbow Girls, of this

OWNERS GRANTED

(Continued from Page 1) lot will be issued a repair permit, otherwise the building would be torn down.

Mr. Morris was also granted additional time to vacate property, tear down parts of building and give estimate on remaining, other parts to accommodate with the same condition permitted Taylor.

An agreement was made by the county to advise the board for a location for the Health Medical Center, the bids to be submitted at the next meeting. They also agreed that the price given by Albert Kruse, of \$8,000 for 17 acres in the southwest section was too high for the city to pay at the present time.

Four ordinances were passed on second and final readings dealing with requirements set forth for land owners who wish to make subdivisions and sell off lots, that expense of streets, water mains and other improvements be paid for by the sub-dividers. Ordinance passed on first reading was that the owner depositor be made responsible for payment of monthly water, garbage collection and trash collection bills.

The council also endorsed a proclamation for the Florida Safety Council approved ordinance to Board of Commissioners of the Belle Glade Housing Authority; read letter from E. M. Bayless, mayor of Alamo Properties regarding condemnation of buildings.

GLADES POLICE (Continued from Page One) Stuart, Fla., was elected as a Director. Mr. Sloum is one of the highest ranking officers in sales in South Florida.

Mr. Stanley and Mr. Sloum have no peers in their particular fields in Florida, and have had years of experience.

Of the twelve agents ready to begin work next week, all are stockholders of the corporation and all men of top production records.

The first ninety days of operation will be devoted to building debts by the present sales force before an expansion program in new fields are undertaken.

Generally, South Florida is the territory now being opened but the entire state and further areas are being eyed by the organization as fertile fields for an owner-operated institution.

Florida Caverns, Marianna, Florida, features gorgeously colored formations and amazing underground trails.

Installation At Commander Allen's Home Post Attended By Dignitaries

District President Allen Sullender (left) installs President Winnie Plank (center) and her Auxiliary officers (right) into the office of the evening. Mrs. Plank (right) comes along to make the address at the evening. Mrs. Plank (right) comes along to make the address at the evening. Mrs. Plank (right) comes along to make the address at the evening.

The Everglades American Legion Post No. 161 and Auxiliary put on a joint fried chicken banquet at the Legion Hall Wednesday night followed by the installation of officers.

The installation team was made of Ninth District Commander W. C. Allen of South Bay, first vice-commander, Leroy Tanner, Ninth District Executive Committee, Post No. 12 of West Palm Beach; acting second vice-commander, V. V. Howell Goodhue, sergeant-at-arms; Jack W. Mathewson, Chaplain, Jerry Carpenter of Hollywood; Sergeant at Arms, Earl York, Post No. 32 of Belle Glade; Adjutant Vernon Henderson Post No. 161, of South Bay; acting Historian Mrs. Alice Sullender, ninth

district president, assisted by Naomi Meade, chaplain and Lovell Birmingham, secretary. Installed the Auxiliary officers: President, Mrs. Winnie Plank; First Vice President Mrs. Marjorie Henderson; Recording en; Corresponding Secretary Mrs. Sam Henderson; Treasurer Mrs. Mamie Henderson; Chaplain Mrs. Royell Davis; Sergeant-at-Arms Mrs. Billie Hartline; Assistant Sergeant-at-Arms Mrs. Ida Vee Walker.

Speakers of the evening were Billy Anderson, deputy vice commander of the Ninth District of Coral Gables and Lawrence Hoffman, historian for southern area of the Department of Florida of Miami Beach.

SOUTH BAY LAKE HARBOR

Friends will be pleased to learn that Terry L. Driggers, who has been a patient at Belle Glade Memorial Hospital for the past week, is now home.

Mr. and Mrs. R. S. Donaldson left last week to spend the summer months with friends and relatives in Canada. Both are native Canadians, now making their home in Clewiston. Mr. Donaldson is a former South Bay resident.

Karen and Karol Vadaz are attending the Vacation Bible School at the Community Methodist Church in Belle Glade last week and this week.

O. H. Martin is on the jury in West Palm Beach this week.

The Mark Challancin trucks loaded with negro labor left on Monday for Hamilton, N. Y. where they will be engaged in the summer vegetable harvest.

Mr. and Mrs. T. L. Driggers at the Belle Glade Memorial Hospital last week.

W. J. Wall, son Billy, and Ray Garner made a week end trip to Axon, Ga., and brought back his son Doug Wall, who had been visiting his aunt, Mrs. Willie White for some weeks.

Mr. R. O. Mitchell and granddaughter, Gladys Dalrymple, left last week for Hamilton, N. Y. where she will open a summer seasonal store in the market area. Mr. and Mrs. C. F. Denton are leaving the last of this week to join her there and assist with the operation of the store.

Clifford Allen has purchased a lot on Lake Avenue on which to build a home.

Karen Vadaz has registered for the full summer band course at the Belle Glade School, the first session started Monday and will remain in session two weeks. The second session will convene later in July for two weeks.

Mr. and Mrs. A. B. Barnes, Mr. and Mrs. J. E. Hunter of Lake Harbor and Mrs. George Devane were Sunday dinner guests of Mr. and Mrs. Jesse Barnes.

Mary Ellen and Donna Clark of Tampa are visiting their grandfathers, John Challancin, and aunt, Mrs. Mary Barnes, and Mrs. Victoria Challancin.

R. G. Lockmiller has received his discharge from the U. S. Navy and returned home the first of the week. He was accompanied by a friend, Raymond Altman of Birmingham, Ga.

Mr. and Mrs. Vance Greer of Fort Bragg are here on furlough visiting their parents in Belle Glade and relatives in South Bay and Lake Harbor.

Pvt. Raymond Martin of Camp Gordon, Ga., is home on furlough to visit his parents, Mr. and Mrs. O. H. Martin, Mr. and Mrs. John H. Hawkins, son Johnny and Miss Verna Martin came Sunday to visit Raymond and other members of the family.

Mr. and Mrs. Herman Hobbs and baby spent the week in Kendall visiting his brother Denver Hobbs and family.

Mr. and Mrs. Robert Barnes of Lake Worth were Sunday guests of Mr. and Mrs. A. B. Barnes.

Mr. and Mrs. E. M. Willis, John and Joan motored to Tallahassee last week where she is enrolled in the summer band session. The Willis visited relatives in Tallahassee and then vacationed on the beach before returning home.

Butch, Bertram and Bryant

South Bay Legion Auxiliary

Seated, left to right: Mrs. J. C. Brown, Mrs. Sam Henderson, Mrs. Frank Wilson, Mrs. Belle Plank, Top row, Mrs. E. Hartline, Mrs. Harlow Walker, Mrs. Vernon Henderson and Mrs. James Henderson.

Davis has gone to Donaldsonville, Ga., to spend the summer with their grandmother, Mrs. Tom Moulton.

Mr. and Mrs. R. S. Donaldson left last week to spend the summer months with friends and relatives in Canada. Both are native Canadians, now making their home in Clewiston. Mr. Donaldson is a former South Bay resident.

Karen and Karol Vadaz are attending the Vacation Bible School at the Community Methodist Church in Belle Glade last week and this week.

O. H. Martin is on the jury in West Palm Beach this week.

The Mark Challancin trucks loaded with negro labor left on Monday for Hamilton, N. Y. where they will be engaged in the summer vegetable harvest.

Mr. and Mrs. E. M. Willis, John and Joan motored to Tallahassee last week where she is enrolled in the summer band session. The Willis visited relatives in Tallahassee and then vacationed on the beach before returning home.

Butch, Bertram and Bryant

istered at South Bay before 3 o'clock.

Miss Myrtice Gillman, playground supervisor, will change the hours during the summer program in order to give the children supervised play both morning and afternoon. She will be at the park playground mornings instead of afternoons from 9 to 12 o'clock, leaving the afternoons to the school program. Her activities are financed from city funds. The Parent-Teacher Association and the town furnish equipment and supplies for the summer recreation program, the County Board of Education furnish the supervisor as a part of the county wide program for the summer.

Program Closes Week's Vacation Bible School

The Vacation Bible School sponsored by the South Bay Baptist Church closed Friday with an evening program. There were 145 enrolled with an average daily attendance of 115.

Mrs. R. A. Hall was principal. The program consisted of numbers put on by each department. It opened with general assembly, devotions and singing.

The beginners sang several song numbers, answered Bible questions and a solo by Doris Willis.

The primaries put on a little playette in which the children appeared in costume, each representing a different country, with songs and Bible verses.

The juniors also presented songs and Bible verses. The program was followed with a display of the handwork.

The intermediate and junior boys built benches for the nursery. The junior girls made artificial flowers. The primary children each made a gift for their mothers and a Father's Day card. The beginners made scrap books and the intermediate girls made skirts during their sewing hour.

The school was in session for a week opening with a wicker roast and picnic at Jeffries Memorial Park. Refreshments were served daily Monday thru Friday.

GLADES LIVESTOCK
(Continued from Page One)
time. If he wants young cows and heifers or if he wants 5 to 600 pound steers for fall and winter sale, he finds them. Young steers for growth and fattening are also available at the local market.

As in any business, success in the cattle marketing business thrives best on equal treatment to all—both large and small customers, be they buyers or sellers.

The pen-lot sales recently inaugurated where a herd is divided into lots of approximately the same general characteristics

so that the buyer can secure his needs for the day in a much shorter time.

All these reasons are given by one man for the success of the Market; What are yours?

DISPOSITION OF RICH LAND
(Continued From Page 1)
and pay the owners the full value as determined by conference or by a court, or it may make a deal with the owners to pay them for a flow easement just as the telephone company or other utility is given an easement on the back of your lot—they have full use of the property for erecting and servicing a telephone or power line, or to lay and repair a sewerage line.

In this case the Drainage District would be given the right to flood the lands or allow the Lake level to go below a given figure.

In order to deal with this subject more intelligently, the Central and Southern Florida Flood Control District Board, at its last meeting ordered its engineering department to obtain and collect the data on Lake elevations over the years that records are available.

When this is done, then the owners and the District may sit down and agree on a figure.

CORRECTION

Franklyn Jones was the delegate chosen to Boy's State instead of Ronald Jones as erroneously stated in last week's Herald.

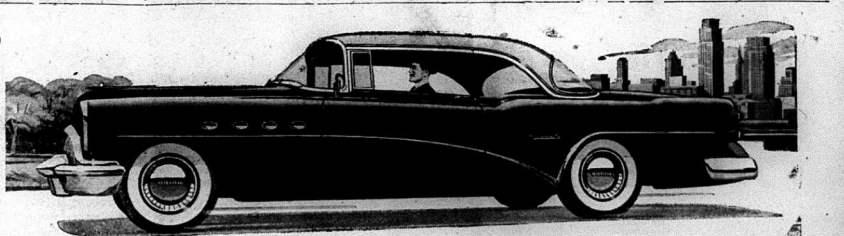

Eclipse PARK HOUND 21" CUT

Power driven wheels, power driven reel, power driven sharpener, positive on handle at operator's fingertips.

Every part of the Parkhound is designed and constructed to make this mower outstanding in the commercial cutting field. It is especially designed for use in small parks, cemeteries, lawns, etc. and gives smooth power in all types of conditions. Four-horse engine for years of trouble-free service.

CUSTOM NOTE: Twin-Turbine Dynaflow and Safety Power Steering are standard equipment on every Buick Roadmaster at no extra cost.

It makes you feel like the man you are

YOU must know, of course, that a fine car is more than merely a means of fine travel.

It is, as the psychologists tell us, an extension of a man's own personality.

It reflects what you feel, what you like, what you are.

So we ask you to take the wheel of a Buick Roadmaster like the one shown here—for it is, we have found, the automobile chosen more and more by those who are definitely moving ahead in the world.

You will find it a car that fairly breathes success.

From its size and its breadth and the magnificent modernity of its styling, you know it is a car of custom stature—and so does the watching world.

The wondrous windshield is a pride in itself. You don't just see the view—you command it.

You will find it, too, a car of luxurious obedience.

From the moment you ease your foot down on the pedal, you take immediate mastery of the road and of distance.

And you know it—in the silken whip of Twin-Turbine Dynaflow, the

might of Buick's greatest horsepower, the magic cushioning of coil springs on all four wheels, the exhilarating ease of Buick Safety Power Steering at your hand.

But with all this, you buy with prudence when you buy a Roadmaster.

For—though it is, and looks, custom production—it sells for the lowest price-per-pound in the fine-car field. And so wise an investment makes you feel even more like the man you are.

Drop in, or phone us this week, and we'll gladly arrange a demonstration.

BUICK SALES ARE SOARING!

Latest figures for the first four months of 1954 show Buick now selling every other car in America except two of the so-called "low-price" three. Better look into Buick if you want the beauty and the joy of the year.

Phone 3-5741 West Palm Beach

This is Capt. Mitchell's lively story "in the first place you have got to have some money—not too much. Expenses can be split among the average crowd. Charter boats run from \$20 to \$75 per day—depends on what is required and where you want to go and for how long. The Marco Island Inn is a nice place to go—American plan \$5.00 per day—they furnish sandwiches for your noon meal. Here are some practical tips—wear old clothes, tennis shoes, hat, sun glasses and I mean clothes that come down to your hands and ankles. This is for protection against the sun that cooks instead of blisters (take along a bottle of vinegar to swab on when you start to turn red). To you gals, if you are invited—wear dungeones and full skirts. As to tackle, the fish down there are big and strong, the water is big and tides are strong. The tendency now is toward a spinning outfit which

is fairly expensive as to initial cost and upkeep, but they sure are catching fish on this rig. I personally have not got west of my light two-handed long casting rod with a regulation level winding reel. I found I could land a big snook in about the third of the time a spin fisherman does and I do not clutter up the fishing for other folks. But there is sport in spin fishing and it is sure taking over. As to lures, on this trip we found the white or yellow "feather" (hair) was the best. Cast out and let the lure hit the bottom, drag and jump it very slowly. Live bait (shiners and

mullet) will be available in July and August.
"The captain of the boat you are in (if rented) makes it his business to satisfy you. Listen to him, then trim it off—if while trolling, let out a little more line. When he says 'go home' then go—he might see a rough Southwestern

Personally I would not take any kids to the 10,000 islands. It is very inconvenient for everybody involved. They get fretful, etc., besides it is dangerous, if one should get overboard from a moving boat, or step on a sting-ray while wading.
There is a new bug dope, called Southland, which is the best. I have found for mosquitoes and flies. Better get some if you go any night fishing. Also take along some iodine and swab every place you get bit. Ice is a must. If you take along any beverages (alcohol) be very conservative and careful. That Gulf is a powerful man with his tide and wind!

"Fishing and hunting in Florida are the biggest business on the books today. Both intangible. I claim to see the difference between commercial fishing and sports fishing. Even though our commercial fishing industry does claim 40 million dollars a year, income, the money goes on sports fishing will run ten times this much. Collier County realized this when they passed a no-net-snook law in her waters. This is just the start, Florida has got 1500 miles of outside shoreline and 4,000 miles inland. Let's get smart for the good of Florida."

"Snook were selling for 8c a pound in Marco (commercially). Commercial fishermen there are in competition with people like Buddy Morgan of Miami (who I regard as the best snook fisherman in Florida) and other folks like a few of us who have better gear and time. I have fought the commercial fisherman for years, but in this instance I am on their side. They are catching their fish on a rod and reel and catching their bait the hard way. For us who are at least be required to pay at least \$25 per year for a license."

"We have got to take it slow as to the economic value of fish to Florida, evolution will do it, which means time and thought as to us living in our state. But to break it down! If these commercial fishermen would provide accommodations such as a cabin with a stove, ice box, a boat and kicker, bait and tell us where to go, we would be willing to pay more money (over a period of time) than he can ever make dragging a net. Here we are ready to lay it on the line just for a few fish and to sleep in his cabin for 2 weeks. It's coming—it's inevitable."

"Best time to go to Marco is the full moon for the next three months and fish the outgoing tide. On this trip I went with I. W. Heaton of Orlando in his boat, 'Little Nell,' a 30-hp. 8-foot four bunk cabin cruiser. Heaton built this boat himself, transports it on a trailer, launches this 12,000 pounder with a little assistance and fishes very seaworthy and self sufficient. He is now in the charter boat business, but takes only selected people at so much per day with keep. He calls the signals and knows where, how and when to fish. While on your trip you will see thousands of water birds, jumping rays, rolling tarpon, porpoises, so take along a camera."

Florida produces only half the meat and a third of eggs needed

Florida's poultry and egg crop last year had a cash value of \$34,487,000, a 15 percent gain over 1952.
Eggs accounted for \$20,866,000 of the total value and chickens and broilers for the balance. Eggs were up 23 percent and meat 4 percent.

In recent years Florida has produced about one-half the poultry meat and one-third the eggs consumed in the State. The gain in sales last year (passing the national figure by 5 percent) is a step toward narrowing this gap between consumption and production, the Florida State Chamber of Commerce stated recently.

Details of poultry and egg production in Florida are given in this week's business review of the State Chamber's research and industrial division.

Poultrymen started last year with a flock of 3,302,000,000 hens and pullets, 5 percent more than on January 1, 1952. Egg volume reached 438 million eggs, as compared with 328 million in 1952.

Hens and pullets worked overtime to lay a dozen more eggs each, than in 1952 yet fell below the national average of 153 per bird, by 20 eggs.

During the year, 48 million

pounds of chicken and broiler meat were produced for consumption, 8 percent more than in 1952.

WASHINGTON NEWS LETTER

From
U.S.S.

The threat of Communist imperialism in the Western Hemisphere continues to occupy the attention of many in the Congress as well as the responsible authorities in the Executive Department.

Communist Russian intervention in our Hemisphere is no longer an academic question; it has arrived. In a recent speech to the Senate, I offered documentary evidence, citing names and dates of the Communists who have been travelling back and forth to Moscow, receiving training and indoctrination, getting their orders from the Kremlin. These orders obviously are to start trouble for us right here in the Americas, in defiance of the Monroe Doctrine.

This creates problems for us which are both economic and military. The devious, surreptitious shipment of arms to Guatemala from behind the Iron Curtain supplies the military balance of power in Central America, and poses a threat to Guatemala's neighbors and to the Panama Canal. The U. S. alone could deal with this situation but this is not a unilateral problem.

It is expected that the Organization of American States, formed under the leadership of the United States many years ago and re-affirmed numerous times, will be called into conference almost momentarily. Our major objective is to save the Inter-American system, and to strengthen it. The Russian design is to divide the Americas and weaken our alliance. Much yet remains to be done by us, and it seems to me we have no choice but to act now in this case, meanwhile revamping our basic international policy.

Last: The Tax Bill: After months of work, the tax reduction bill finally is ready for the Senate floor and the anticipated long debate. Being a newly ap-

pointed member of the Senate Finance Committee, I helped in the final three weeks of writing this bill which is longer, if anything, than the 875 pages sent over by the House. More about this next week.

More Park "Trail" to Open: Along with the major development of Flamingo Village within the Everglades National Park, Interior Secretary McKay, who personally visited the area last fall, is planning a program costing nearly a million dollars for new trails in the park.

Park Service is asking for authority to construct four main interior roads which will add substantially to the attractiveness of the park to tourists and vacationers, and will hasten the development of this great park.

Principal projects slated are: the Royal Palm by-pass road, the Paradise Key road, the Park highway running west from Route One, and a new link northward from Flamingo. Total cost for all the projects will be \$928,900.

The Park people are going ahead with the development at Flamingo, which will provide the long-sought overnight accommodations deep within the park for tourists. There will be over-water motels, boat basins, restaurant, fishing camps, utilities, and other attractions there.

"Red Tide" Bill Due Out: Early House action is expected on the bill on which many of us have worked hard to set up new means of combating "Red Tide". It has already passed the Senate.

Under the fisheries bill, the Secretary of Interior will receive 39 percent of import duties collected on fish products up to \$3,000,000. This fund will be used to advance and stabilize the fishing industry and to carry on a broader biological research program. The proposal originated in Interstate Commerce Committee of which I am a member.

During the past year, when "Red Tide" killed so many fish in the Gulf, the Secretary of the Interior was persuaded to "ride" \$60,000 in immediate available funds and to accelerate the effort to find the cause and cure of this mysterious disease. This new plan will further bolster this program and also aid the shrimp and oyster industries which are so important on our west coast.

VISITORS TO FLORIDA'S PARKS INCREASE 81%
Visitors to national park and historic areas in Florida last

year totaled 838,883, an increase since 1950 of 61 percent. Use of all such areas in the nation by the travelling public showed a 41 percent gain during the same period.

The increased visitation to these unique national and historic attractions in Florida indicates a growth in tourism as well as a greater appreciation of these assets by Floridians, the Florida State Chamber of Commerce commented recently.

Castillo de San Marcos at Saint Augustine admitted 533,680 persons last year, its third half-million-year. The most popular months at this fort are in order, July, August and June. Last year 78,421 visitors saw the fort in July, the peak month. Average daily attendance for year was 3,482.

The Everglades National Park and Castillo de San Marcos account for 88 percent of the total attendance at these areas in the State. Attendance at the park

last year reached 206,773, a 68 percent gain in three years.

Other national areas in the State open to visitors are listed in this week's business review of the State Chamber's research and industrial division. Fort Matanzas, South of Saint Augustine, had 44,659 visitors in 1953, double the 1950 total.

The De Soto Memorial at Bradenton, the newest of the areas, established in 1950, was visited by 47,043 persons last year in 1953.

Fort Jefferson, located on Dry Tortugas Island (off Key West), is an enormous brick fort built as "The Gibraltar of the Gulf" real is accessible only by boat. Visitors last year numbered 6,708, off slightly from 1950 but 53 percent more than in 1952.

Florida's own extensive system of significant parks and park areas are not included in these tabulations.

New Way To Relax, Quiet Nerves
Sleep Better, Feel Younger

Science has created a revolutionary new invention that can completely change the lives of millions over-night. At last, people who are tired may find welcome relief.

This remarkable new invention may make the difference between feeling relaxed and strained... between feeling poised and nervous... between sleeping peacefully and lying awake. It promises happier living and more youthful spirits even to those who have given up hope of enjoying these priceless blessings again.

This new scientific invention is the famous Niagara Deep Massage. Just a few minutes easy, pleasant use a day helps stimulate circulation. It also helps relieve numbness due to cold feet and painful limb cramps, resulting from fatigue or over exercise.

People who use this discovery are amazed and delighted by the new wonder it works for them. There is nothing like it.

To acquaint newspaper readers with all the facts about this new scientific invention which gives such amazing benefits, a fascinating booklet will be sent free on request. No cost or obligation. Send your request on a postcard to Niagara — N, 312 Johnson St., Hollywood, (Adv.)

CHRYSLER'S POWER STEERING IMPROVED

Chrysler, which in 1951 pioneered power steering for automobiles, now has introduced a new type called coaxial power steering, reports E. C. Quinn, president, Chrysler Division, Chrysler Corporation.

"Because power steering increases driving safety, makes driving more restful and provides effortless parking almost every automobile manufacturer has followed Chrysler's lead and offers power steering in some form," Quinn said. "This new device, designed and built by Chrysler, gives the same full-time operation and excellent performance as the original design but its streamlined, simplified design offers additional benefits."

The Chrysler coaxial unit is designed as an integral car component, not as an add-on or booster feature. Its simple, functional design means less bulk in the engine compartment allowing easier access to the other equipment such as starter and brake pedal.

It has fewer parts and is lighter in weight than any other integral-type power steering system now on the market because of its simplified mechanism. The power unit supplies additional life without adjustment. Service-free operation beyond the usual 1000 mile oil level.

check is provided as the gear is self-adjusted. No mechanical adjustments are needed, except possibly for a cross-shaft adjustment once or twice during the car's life. All other adjustments are securely locked in place when the unit is built.

The unit applies power steering help directly to the steering wheel. The danger involved in blow-outs is greatly minimized because even when a front tire blows little effort is required to continue in a straight line. Coaxial power steering is available throughout the 1954 line. It is optional at extra cost, except for the Crown Imperial which it is standard equipment.

Coaxial power steering provides a great increase in safety because it provides greater maneuverability. Because of power assist, the Chrysler steering gear ratio can be reduced from the manual steering ratio of 25.8 to 1, to 18.8 to 1. This means that the steering wheel need be turned only 3 1/4 times to move the front wheels from full right to full left, compared to 5 1/2 turns without power. For this reason the car will respond 40 percent faster, providing greater maneuverability.

The danger involved in blow-outs is greatly minimized because even when a front tire blows little effort is required to continue in a straight line. Coaxial power steering is available throughout the 1954 line. It is optional at extra cost, except for the Crown Imperial which it is standard equipment.

SERVICES OF OUR CHURCH DISCUSSED BY JUNIORS IN SS

To carry out the theme of the month, "Getting Acquainted With My Church," the song "I Was Glad When They Said Unto Me," was sung by the Juniors because the words of this song come from Psalm 122:1. David wrote this psalm to help his people worship as they went to the temple. The Juniors discussed the many things in their church auditorium that help them to worship such as the organ, piano, Bibles, songbooks, carpets for quietness, pews, etc. A church bulletin was given each junior and teacher. In the department, with which they played a game of "I See." At this time all the acts of worship were named.

The program was closed by everyone singing "O Worship the King," to remind all of the things we will do to worship. Gary Norman was usher for the morning and Susan Clark, pianist. The weekly banner again went to the class of Mrs. Gladys Edwards' class of 12 year girls, third highest was Mrs. Jesse Bergman's class of 9 year boys. All boys present in Mrs. Bergman's class were 100 per cent. The party for the Juniors is being planned for the week beginning June 28.

GEMS OF THOUGHT

Prosperity tries the fortunate, adversity the great. —Pliny. We are always in the forge or on the anvil; by trials God is shaping us for higher things. —W. H. Bleicher. Life has no smooth road for any of us; and in the bracing atmosphere of a high aim, the very roughness stimulates the climber to steeper steps, till the legend, "over steep ways to the stars" fulfills itself. —W. C. Doane.

If you would be on the mountain, you must consent to pass over the road to it. —H. C. Trumbull. Trials are proofs of God's car. —Mary Baker Eddy. Great trials seem to be a necessary preparation for a great duty. —E. Thomson.

SEVEN "MINDS"

Mind your tongue. Do not let it speak hasty, cruel, unkind or wicked words. Mind your eyes. Do not permit them to look on bad books, pictures or objects. Mind your ears. Do not suffer them to listen to evil speech, songs or words. Mind your lips. Do not let tobacco foul them. Do not let the food of the glutton enter between them. Do not let strong drink pass them. Mind your hands. Do not let them steal or fight, or write any evil words. Mind your feet. Do not let them walk in the steps of the ungodly. Mind your heart. Do not let the love of sin dwell in it. Do not give it to Satan. But ask Jesus to make it his throne.

TRY IT

Do not waste time looking at your bill. Climb it. There is only one way to make a dream come true—wake up and go to work.

No matter how good we are, when we stop getting better, we stop being good.

Be the first to be faithful to his death. (Revelation 11:16) These words of St. John serve as a guiding light in these days when strange ideologies lead people to the very edge of disaster. Remembering how often fidelity to our cause means death for our boys in Korea, let us firmly resolve to be faithful in our lesser sphere to our God and our patriotic duty.

YOU NEED YOUR CHURCH YOUR CHURCH NEEDS YOU . . .

Rev. Francis Smelt of White Springs, Fla., has been named Florida's Rural Minister of the Year. He received the recognition from the Progressive Farmer and Town and Country School of Emory University. He received the award for his "outstanding service to his church and his community."

A Hymn Is Born

Take My Life and Let It Be

"A sick hymn writer sits up all night"

On the evening of Feb. 4, 1954, a group of 10 people gathered at an English home for a song writing party for one of the empire's most noted hymn writers.

During the evening the poetess took the opportunity to study each member of the gathering. She observed that the majority of the group were those who had found their respective places in life and were using their talents accordingly. While on the other hand, the most unhappy were those who had not discovered their talents or in her opinion, were not using their abilities in proper channels.

Frances Ridley Havergal lived in the belief that life's talents were trust of God and were to be used only as He would have them used. Many another hymn writer has been just as strictly. It was in fact, the work of a poetess with his vision of Christ on the cross, that inspired Mrs. Havergal to write her first notable hymn, "I Gave My Life for Thee."

After the guests had gone the 38-year-old poetess retired to her room. Her observations had led her to a renewed conviction that her gift of writing verse was God-given . . . and to the theme of one of her best hymns. As the case of Mrs. Havergal was that of a poetess who had lived a life of short life (she died at 60) Mrs. Havergal was ill. But the poetess who had lived a life of short life (she died at 60) Mrs. Havergal was ill. But the poetess who had lived a life of short life (she died at 60) Mrs. Havergal was ill.

Take my life, and let it be
Consecrated, Lord, to Thee;
Take my hands, and let them move
At the impulse of Thy love.

Take my feet, and let them be
Swift and sure, as Thou art free;
Give me voice, and let me sing
Always, only for my King.

Take my love, my Lord, I pour,
At Thy feet its treasure-store;
Take myself, and I will be
Ever only, all for Thee.

Lord, I give my life to Thee,
Thine forever—more to be;
Lord, I give my life to Thee,
Thine forever—more to be.

STAR CIRCLE ELECT NEW OFFICERS

New officers for the coming year were elected at the meeting of the Star Circle of the Community Methodist Church, held at the home of Mrs. F. D. Stevens Tuesday night.

Mrs. H. L. Stevens was elected chairman of the circle and Mrs. William Humes, co-chairman. Other officers elected were Mrs. F. D. Stevens, Sec.-Treas. Mrs. Casper Van Landingham, Publicity; Mrs. Fred White and Mrs. Van Landingham, Membership; Mrs. H. L. Stevens, Sec.-Treas. Mrs. Morris and Mrs. C. W. McDonald, church flowers.

Mrs. R. W. Kiddie gave a report on the annual Methodist conference held recently at Lakeland. Visitors were Mrs. H. E. Garrett, wife of the new minister, and Mrs. M. M. Sabiston. Refreshments were served by Mrs. Stevens.

OUTLINE FOR THE INTERNATIONAL UNIFORM SUNDAY SCHOOL LESSON—June 27, 1954 LESSON TOPIC—II Kings 17:5-14, 18 By Rev. Robert Ford

INTRODUCTION: This closing lesson in ascribes on the Prophets is given the title of "Judgment Comes To Israel." The fall of Samaria is the culmination of the warnings and pleadings of the prophets.

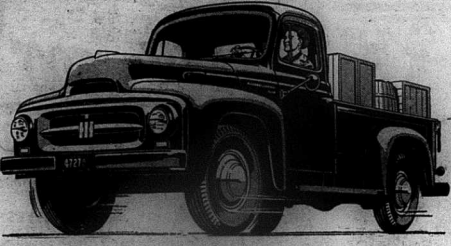

The Assyrian Captivity II Kings 17:5-18 Palestine was the land bridge between Asia and Africa. Assyria marched against Israel. The last King of Israel was Hoshea, a vassal king appointed by Assyria; he revolted and the nation fell in 721 B. C. Those who didn't perish were carried in captivity, the land was given to immigrants from other parts of the Assyrian empire. The Kingdom of Israel had come to its end.

II. The Cause of Samaria's Fall II Kings 17:17-18 The secular historian would say it was a case of a small state falling to a superior military power. The sacred historian sees in the fall the final judgment of God on a disobedient nation; the prophets were sure that the destruction of the nation rooted in moral and religious causes. The moral and religious failure of Israel stood out in darker colors because Israel stood in covenant relations with her God and because Israel persisted in her apostasy in spite of the protests of her prophets. II Kings 17:15 says "They went after false idols, and became false." This in a sentence is the summary of the history of Israel. The ten tribes lost their separate existence and became absorbed in the pagan culture around them in their captivity.

CONCLUSION: Men reach their final destiny by the way of the road they choose to travel. Those who choose "Christ as 'The Way'" come to a happy destiny. Those who choose the pathway of evil come to a sad destiny. God has given men a way of life, not a way of death. Death comes through the rejection of His offered way of life.

For an All-New Pickup Truck Experience Drive the New

INTERNATIONAL ONE HUNDRED!

Take a look at the new INTERNATIONAL ONE HUNDRED 1/2-ton pickup—then drive it! You'll find a truck that you can count on for hard work—or take you any place in passenger car style!

The ONE HUNDRED has new passenger car get-up-and-go—extra-easy steering, braking, riding, and handling. And it's extra-easy on your pocketbook, both to buy and own! Priced right down with the lowest. Extra-easy to maintain—built to operate at lowest cost. Available with optional overdrive transmission. Wide variety of speeding, modern colors.

Come in for a demonstration drive—today!

Your trade-in may cover the down payment. Ask about our convenient terms.

Too Late To Classify

By Russell Kay

Miami Beach may be all right for folks who like gay white ways, glamour, blaring jazz and cocktail hours, but a day or two of it is all I can stand. Smoke gets in my eyes, I get butterflies in my stomach, my feet hurt and I am thoroughly unhappy.

Returning to Tampa from the Florida Public Relations convention, I found an item in the paper about the way the tarpon were carrying on at Boca Grande and I recalled that a good many years ago I caught my first silver king in Boca Grande Pass.

I also remembered that my good friend Bob Gehring, who formerly managed the Naples Beach Hotel, is now manager of the Boca Grande Hotel and so I phoned him and asked if he had a cubby-hole for the wife and I could occupy it if it would be possible to escape to where you take the ferry to the island. We were too late for the last boat but Bert Cole operates a boat taxi service that takes you over the Pass at a fast clip.

This beautiful little island on the Gulf is one of Mother Nature's masterpieces, and to find it has remained unspoiled. Here there is no traffic problem. You can walk the magnificent beach and hunt rare shells without being jostled or pushed around, you can swim in warm emerald waters without fear of under tow, and best of all you can find the local waters teeming with every known variety of fish.

Right now, the tarpon are so thick it is unbelievable. You see acres of them rolling and jumping in the Pass; teenagers as they are you can count on at least half a dozen strikes on each tide, and if you have a veteran guide like we had, you will land two or three. We were extremely fortunate in securing Lonnie Futch as our guide. Lonnie has been a guide at Boca Grande for years and knows more about tarpon than the guys who write the books do, believe me there have been plenty of books written on the subject.

The Boca Grande Hotel has been completely refurbished and air-conditioned. The Gehrings, Bob and his lovely wife, know how to make guests feel at home and they have provided a special service for fishermen so they can have an early breakfast or late supper if necessary, and delicious box lunches are provided for those who expect to be out all day.

It is the kind of a place a fisherman dreams about and ideal for those who like to get away from it all and enjoy a quiet vacation spot with every comfort and convenience is provided and where the fishing is superb.

The village of Boca Grande is small, only about 500 year 'round residents. It offers nothing in the way of night clubs or whoopee but much in refinement and natural beauty. There is a well appointed lounge for the convenience of hotel guests who like a cocktail, a spacious lobby and sun-room where you can roll around in comfort, rest, read, smoke, watch television, and you don't have to dress. The big idea at Boca Grande is to enjoy yourself, be comfortable and forget your worries. It is an atmosphere that particularly appeals to me.

If you like good food you won't find better anywhere. Bob Gehring sets the best table of any hotel man I know and meals at the Boca Grande Hotel are out of this world. I enjoyed my visit so much that I'm going again soon. It is a perfect vacation spot and right now is the time to land your tarpon. The Pass is full of them and they are in a biting, fighting mood. Lonnie Futch or one of his buddies will take you out and see to it you contact a silver king, a thrill you'll never forget.

JOB HUNTERS TOLD OF CHILD LABOR LAWS

School children of Florida were urged this week to look for summer time job which would give them prospective employers to run afoul of Federal child labor laws.

Henry A. Huettner, Investigation Supervisor of the U. S. Department of Labor's Wage and Hour Division here gave this advice as closing school throughout the State began preparing for boys and girls eager to earn vacation spending money.

The first step in preparing yourself to go job hunting, Huettner, "is to be sure you can supply proof of your own age. Your employer will need this proof to secure a certificate of age from your local school official." He pointed out that employers hiring minors under 18

in general employment or 19 and 18 in hazardous occupations must have an age certificate on file.

Restrictions on youthful employment are contained in two Federal laws. Broadsides of the two is the Fair Labor Standards Act which classifies as oppressive child labor, and illegal employment of minors under 16 in general occupations in interstate commerce or in the production of goods for commerce.

Huettner also stated that children under 16 were prohibited from working in or about an establishment handling or producing goods for out of State shipment.

While age limits are relaxed to allow 14 and 15-year olds to work under restricted conditions in offices, banks, and certain non-manufacturing and non-processing occupations, hazardous occupations orders under the Fair Labor Standards Act raise the hiring age in eleven types of employment. Typical of such jobs in which 16 is the lowest age of hiring are elevator operator, logger, mines, sawmill worker, truck driver or helper, punch press operator and others which Mr. Huettner said were listed and explained in a child labor bulletin available from his office without charge. He added that "employers in placing newly hired teenagers will want to avoid hazardous jobs for safety's sake and to stay clear of unintentional violation of this law."

The Walsh-Healey Public Contracts Act is the second law which prohibits employment of boys under 16 and girls under 18. This law applies to firms engaged in production of goods for the government under contracts amounting to as much as \$10,000.

The Wage-Hour Supervisor said that his office at 456 Federal Building, Jacksonville, is prepared to furnish full information to young job seekers or to their employers on problems of compliance with the two Federal laws.

FISHING LICENSES WENT ON SALE JUNE 15

Fresh water fishing licenses for the fiscal year beginning July 1 have been sent to all county judges and will go on sale June 15. It was reported this week by Charles W. Pace, Director of the Game and Fresh Water Fish Commission.

Fishing licenses will be on sale at Harris Insurance Agency, Home Hardware Store or Sillm's Fish Camp.

The present fishing license expires June 30, stated the Commission official, and new licenses will be honored after June 15 by all Wildlife Officers. Such licenses are sold in the office of the County Judge or his designated agents.

Sportsmen may purchase any of three different permits! A resident license for \$2.00, a non-

resident annual permit for \$10.50, and a non-resident 14-day license for \$3.25.

The Director issued a warning to the State's anglers that all fresh water fishermen would be checked for licenses after July 1. He urged them to have the new angling permit in their possession while fishing in Florida's fresh waters.

Leaving several rows of corn or other grain unharvested near woods, hedge rows, windbreaks, and field corners will help to increase the number of game birds on the farm.

THIS IS A GOOD YEAR FOR AN AUTOMATIC ELECTRIC WATER HEATER!

BE MODERN...LIVE Electrically!

Florida's a wonderful place! There's more fun per square foot here than anywhere else on earth...if you have time to enjoy it. That's where Smokin' Service comes in! With Roddy Kilbourne to do the chores, you'll have that extra leisure to enjoy even happier Florida living.

And this year is a good year to add time-saving, labor-saving electric servants...new, improved models...new low terms. See your dealer, now!

You'll be amazed at how little it costs to operate additional electric appliances in a typical Florida home...just pennies a day!

Here's why! As you "step-up" your use of electricity, the "step-down" in average rate you pay. Operating even major appliances adds only a few pennies a day to your electric bill...your biggest bargain in better living!

FLORIDA POWER & LIGHT COMPANY

ELECTRIC WATER HEATER

Enjoy a plentiful supply of hot water...no need to wait...24 hours a day...or when you want it...from an automatic electric water heater.

ELECTRIC WASHERS

Cheerful and did you know? Washers with automatic electric water heater in the job.

Tip to Commercial Food Service Establishments

Food Service Establishments...Baker Shops, etc. In addition to the various conditions, sanitary and otherwise, it is the responsibility of the owner to see that the establishment of food service is placed in any one of the way.
